## PROJECTS

### PriceComparison

2023/11

**SKILLS:** Puppeteer, Node.js, Express.js, Mongodb, CSS, Bootstrap, Docker

Implemented a **web scraping** solution to extract real-time product pricing data from Amazon and Flipkart.

**Created API** to provide **real-time product information**, enhancing the user experience by delivering up-to-date data.

**Designed and developed** a user-friendly frontend effortlessly comparing prices between the two major e-commerce platforms.

## EDUCATION

Chandigarh University, Panjab —  
B.E.CSE

2021 - 2025

DAV Public School, Bihar

2018 - 2020

## SKILLS

CSS3, HTML5, JavaScript, C/C++  
Bootstrap, Node.js, Express.js  
MongoDB, REST API  
Puppeteer, Github, SQL  
Version Control/Git, Schemas  
CRUD, Async/Await, Password.js

## AWARDS/CERTIFICATE

Participate in **Tic Tech Teo Hackathon** (09/2023)

Serves as a **back-end developer** on the Quanta **Team**.
